### **Introductory Remarks**

- Traffic figures are measured from 7am to 10am so as to provide an early indicator each day.
- Weekly heavy goods vehicle traffic has remained largely stable and accordingly the daily figures provided are for cars only.
- The changes recorded day-to-day are not cumulative – they compare only the current day's figures versus the same day in the previous week, the same day last year and with the same day prior to the introduction of Level 3 restrictions on 7<sup>th</sup> October (i.e. Wed 30<sup>th</sup> Sept to Tues 6<sup>th</sup> Oct).
- Initial restrictions were put in place on Thursday 12<sup>th</sup> March 2020. Countrywide Level 5 restrictions were in place from Thursday 22<sup>nd</sup> October to Tuesday 1<sup>st</sup> December and were reintroduced on 31<sup>st</sup> December 2020.

### **Daily Data for Tuesday 27<sup>th</sup> April**

Comparisons with the same day prior to the start of the October Level 3 restrictions are as follows: -3% on the M1 at M50 to Airport, 0% on the M11 at Bray, -2% on the M4 at Celbridge-Maynooth, and -1% on the N7 at Citywest.
