General

Transport Infrastructure Ireland (TII) was set up to deliver and operate safe and efficient light rail and national road networks. TII's mission is to deliver transport infrastructure and services that contribute to the quality of life of the people of Ireland and support the country's economic growth.

TII's ability to deliver and operate light rail and roads networks efficiently is recognised, as evidenced by the portfolio of National Development Plan (NDP) 2021–2030 investments entrusted to TII and its partners to deliver.

Under the NDP there are three areas under the remit of TII which identify key priorities:

- 1) Investment in public transport infrastructure** to be delivered on behalf of the National Transport Authority (NTA) in line with the Transport Strategy for the Greater Dublin Area 2022-2042. This Strategy commits to the undertaking of appraisal, planning and design of Luas network expansion to Bray, Finglas, Lucan and Poolbeg. Importantly, the Plan also sets out a firm commitment to deliver a metro rail system

known as MetroLink that will run from Swords to Charlemont, connecting Dublin Airport with the city centre and providing interchanges with other public transport services including Iarnród Eireann at Glasnevin, the DART at Tara Street and Luas at O’Connell Street and Charlemont. TII also delivers light railway infrastructure being planned in other cities: currently TII is working in partnership with the NTA on the planning and design of Cork Light Rail Transit.

- 2) **Investment in national roads, active travel and Greenway infrastructure** will be delivered in accordance with the guiding principles of the Department of Transport, National Investment Framework for Transport in Ireland and the Strategy for Future Development of National and Regional Greenways. The major roads, active travel and Greenways projects to be delivered and funding provisions are set out in the NDP 2021 to 2030. TII also has a new function for the delivery of zero and low emission vehicle infrastructure (ZEVI) under the Road Traffic and Roads Act 2023.

- 3) **Investment in maintenance and renewal expenditure** will need to increase over the lifetime of the NDP to meet the required investment levels for the current transport network and for new projects as they come into service.

TII’s ambitious plans for infrastructural delivery will drive Ireland’s long term economic, environmental, and social progress across all parts of the country over the next decade. The NDP, which is aligned with the delivery of the objectives of the National Planning Framework (NPF), sets out a roadmap and the level of investment which will underpin the NPF and drive its implementation over the next ten years.

BACKGROUND INFORMATION

To support the activities of two of our delivery business units, we are now recruiting one Team Administrator, Light Rail Network Management who will report to the Chief Engineer – Light Rail Network Management and one Team Administrator, Public Transport (Light Rail) Capital Programmes who will report to the Head of Light Rail Capital Programmes.

The roles coordinate significant administrative and business management activity within the relevant business units and ensure that appropriate administrative supports, reporting arrangements and coordination processes are in place to support the effective management of the Luas network and of the light rail capital programmes (as applicable).

The Light Railway Capital Programme business unit (under the Capital Programmes directorate) is responsible for delivering a portfolio of nationally significant light railway projects that support sustainable economic growth in Ireland and enable the National Strategic Outcomes and priorities of the National Development Plan.

The light railway projects under the remit of the Public Transport Capital Programmes business unit currently include:

- Luas Finglas, Luas Lucan and Luas Poolbeg, all of which are supported by the Greater Dublin Area Transport Strategy 2022-2042.
- Luas Cork, which is a circa 18km East-West Corridor, in line with the Cork Metropolitan Area Transport Strategy.

It is anticipated that further projects will also be initiated over the coming years to facilitate transport orientated development in Dublin and some regional cities.

The Light Rail Network Management unit (under the Commercial Operations Directorate) is responsible for the operations and maintenance of the Luas Light Rail System. Luas is a vital component of Dublin's transport system and carries significant passengers (c. 55 million passenger journeys in 2025), requiring ongoing asset management to maintain high standards of service, safety, and reliability. The current network spans approximately 43km with 67 stops and TII is currently working on extending the network a further c.30 km (with an additional c.32 stops) as part of the Government's NDP to connect the network to Finglas, Lucan, Poolbeg and Bray.

Both of these roles support the achievement of TII's Light Rail objectives by enabling effective coordination, providing administrative and logistical support to key initiatives, and supporting budget oversight, contract administration, and the maintenance of appropriate systems, controls and processes.

ROLES AND RESPONSIBILITIES

The main responsibilities of the role include:

- **Governance and business coordination**
Establish and coordinate administrative workstreams, governance processes, meeting cycles and action tracking across Light Rail Network Management or Light Rail Capital Programmes as applicable. This includes taking minutes, maintaining clear records of actions, decisions, deadlines and follow-up items, and supporting the timely escalation of issues where required. In the case of the Team Administrator – Light Rail Capital Programmes, this also includes the responsibility for running of Steering Committee and Project Boards and managing agendas, minutes and action lists. The roles will also include responsibility for establishing and maintaining an effective document control system for both units.
- **Reporting, assurance and accountability**
The preparation of reports, presentations, briefings, submissions and management information for senior management. Develop and maintain documentation required for risk, compliance, audit readiness and accountability processes, ensuring that information is accurate, accessible and available when required.
- **Contract, budget and records administration**
Provide detailed administrative support for contract management, budget tracking, purchase order documentation, filing systems and document control. Plan and drive the timely and accurate processing of contractual, financial and administrative information, liaising with relevant internal teams and external parties as necessary.

- **Stakeholder, project and process support**
Manage and support (as appropriate) engagement with internal teams and relevant external stakeholders on administrative, operational and contractual matters. Provide administrative support to projects, initiatives and team priorities, and lead and implement improvements in templates, trackers, filing structures and ways of working.
- Undertake other additional duties appropriate to the grade and in support of operational and administrative priorities including:
 - assisting with diary management, scheduling and meeting coordination, providing senior level support to management/leadership as required
 - providing oversight and management of administrative activities on Light Rail Capital and Light Rail Network programmes.
- The two Team Administrators shall deputise for each other to provide resilience to the operation of the two business units.

All the divisions within TII have inter-dependent responsibilities and close cooperation and teamwork is required across the organisation.

Note: *The functions and responsibilities assigned to this position are based on the current stated role and may be changed from time to time. The person appointed will be required to demonstrate the flexibility necessary to fulfil other roles and responsibilities at a similar grade within TII and may be assigned to other such roles as business needs arise.*

Full details of the Scheme are at www.singlepensionscheme.gov.ie

Where the appointee has worked in a pensionable (non-Single Scheme terms) public service job in the 26 weeks prior to appointment or is currently on a career break or special leave with/without pay different terms may apply. The pension entitlement of such appointees will be established in the context of their public service employment history.

Key provisions attaching to membership of the Single Scheme are as follows:

- Pensionable Age: The minimum age at which pension is payable is 66
- Retirement Age: Scheme members must retire on reaching the age of 70.

However, if the appointee was previously employed in the Civil or Public Service and awarded a pension under voluntary early retirement arrangements (other than the Incentivised Scheme of Early Retirement (ISER), the Department of Health Circular7/2010 VER/VRS or the Department of Environment, Community & Local Government Circular letter LG(P) 06/2013 which, renders a person ineligible for the competition) the entitlement to that pension will cease with effect from the date of reappointment. Special arrangements may, however, be made for the reckoning of previous service given by the appointee for the purpose of any future superannuation award for which the appointee may be eligible.

Department of Education and Skills Early Retirement Scheme for Teachers Circular 102/2007

It is a condition of the Early Retirement Scheme that with the exception of the situations set out in paragraphs 10.2 and 10.3 of the relevant circular documentation, and with those exceptions only, if a teacher accepts early retirement under Strands 1, 2 or 3 of this scheme and is subsequently employed in any capacity in any area of the public sector, payment of pension to that person under the scheme will immediately cease. Pension payments will, however, be resumed on the ceasing of such employment or on the person's 60th birthday, whichever is the later, but on resumption, the pension will be based on the person's actual reckonable service as a teacher (i.e. the added years previously granted will not be taken into account in the calculation of the pension payment).

III-Health Retirement

Please note that where an individual has retired from a Civil/Public Service body on the grounds of ill-health his/her pension from that employment may be subject to review in accordance with the rules of ill-health retirement within the pension scheme of that employment.

Appointments from panels

It is envisaged that a panel of qualified individuals will be established from which vacancies for this position may be filled within 12 months from date of appointment to panel. Qualification and placement on a panel is **not** a guarantee of appointment to a position. Please note that once an offer of appointment has been accepted a candidate will be removed from the panel and no further offers of appointment will be made.

Incentivised Scheme for Early Retirement (ISER)

It is a condition of the Incentivised Scheme for Early Retirement (ISER) as set out in Department of Finance Circular 12/09 that retirees, under that Scheme, are debarred from applying for another position in the same employment or the same sector. Department of Health and Children Circular (7/2010)

It is a condition of the VER scheme that persons availing of the scheme will not be eligible for re-employment in the public health sector or in the wider Public Service or in a body wholly or mainly funded from public moneys. The same prohibition on re-employment applies under the VRS, except that the prohibition is for a period of 7 years. People who availed of the VER scheme are not eligible to compete in this competition. People who availed of the VRS scheme and who may be successful in this competition will have to prove their eligibility (expiry of period of non-eligibility).

The Department of Environment, Community & Local Government Circular Letter LG(P) 06/2013 introduced a Voluntary Redundancy Scheme for Local Authorities. In accordance with the terms of the *Collective Agreement: Redundancy Payments to Public Servants* dated 28 June 2012 as detailed above, it is a specific condition of that VER Scheme that persons will not be eligible for re-employment in any Public Service body [as defined by the Financial Emergency Measures in the Public Interest Acts 2009 – 2011 and the Public Service Pensions (Single Scheme and Other Provisions) Act 2012] for a period of 2 years from their date of departure under this Scheme. These conditions also apply in the case of engagement/employment on a contract for service basis (either as a contractor or as an employee of a contractor).

Collective Agreement: Redundancy Payments to Public Servants

The Department of Public Expenditure and Reform letter dated 28th June 2012 to Personnel Officers introduced, with effect from 1st June 2012, a Collective Agreement which had been reached between the Department of Public Expenditure and Reform and the Public Services Committee of the ICTU in relation to ex-gratia Redundancy Payments to Public Servants. It is a condition of the Collective Agreement that persons availing of the agreement will not be eligible for re-employment in the Public Service by any Public Service body (as defined by the Financial Emergency Measures in the Public Interest Acts 2009 – 2011) for a period of 2 years from termination of the employment. People who availed of this scheme and who may be successful in this competition will have to prove their eligibility (expiry of period of non-eligibility).

Applicants will also be required to declare any entitlements to a Public Service pension benefit (in payment or preserved) from any other Public Service employment and/or where they have received a payment-in-lieu in respect of service in any Public Service employment.

The above represents the principal conditions of service and is not intended to be the comprehensive list of all terms and conditions of employment which will be set out in the employment contract to be agreed with the successful candidate.

Selection Methods

TII will convene an expert board to carry out the competitive stages of the selection process to the highest standards of best practice. The approach employed may include:

- Shortlisting of candidates based on the information contained in their application
- A competitive, competency focused, interview
- A second round interview
- Presentation/work sample/role play/media exercise, and any other tests or exercises that may be deemed appropriate; and
- Reference and online checks.

Shortlisting

Normally the number of applications received for a position exceeds that required to fill the position. While you may meet the eligibility requirements of the competition, if the numbers applying for the position are such that it would not be practical to interview everyone, TII may decide that a smaller number only will be called to interview. In this respect, TII provides for the employment of a short-listing process to select a group for interview who, based on an examination of the documents provided by you, appear to be the most suitable for the position.

This is not to suggest that other candidates are necessarily unsuitable, or incapable of undertaking the job, rather that there are some candidates who are, prima facie, better qualified and/or have more relevant experience.

During any short-listing exercise that may be employed, TII is guided by an interview board who examine the applications and assess them against pre-determined criteria based on the requirements of the position. It is therefore in your own interest to provide a detailed and accurate account of your qualifications/ experience on your application.

Prior to recommending any candidate for appointment to this position TII will make all such enquiries that are deemed necessary to determine the suitability of that candidate. Until all stages of the recruitment process have been fully completed a final determination cannot be made nor can it be deemed or inferred that such a determination has been made.

Interviews

The onus is on each applicant to ensure that she/he is in receipt of all communications from TII. Candidates should make themselves available on the date(s) specified by TII and should make sure that their contact details specified on their application are correct. TII will not be responsible for refunding any expenses incurred by candidates for attendance at interview.

Candidates' Rights – Review Procedures in relation to the Selection Process

TII will consider requests for review in accordance with its Recruitment & Selection Policy.

References

TII would appreciate it if you would start considering names of people who you feel would be suitable referees (1 - 2 names and contact details). The referees listed do not have to include your current employer, but should be able to provide a work reference for you. Please be assured that TII will only collect the details and contact your referees should you come under consideration at interview stage.

The admission of a person to a competition, or invitation to attend interview, or a successful result letter, is not to be taken as implying that TII is satisfied that such a person fulfils the requirements or is not disqualified by law from holding the position.

Should the person recommended for appointment decline, or having accepted it, relinquish it, TII may at its discretion, select and recommend another person for appointment from the panel on the results of this selection process.

Deeming of candidature to be withdrawn

Candidates who do not attend for interview or other test when and where required by TII, or who do not, when requested, furnish such evidence as TII require in regard to any matter relevant to their candidature, will have no further claim to consideration.
