

TII Underground Telecommunications Charges

Reviewed September 2025

Motorways and Interurban Dual Carriageways

Longitudinal Works Greater Than 200m in Length - New Ducting and Repairs to Existing Ducting:

	0-10km	11km-50km	Over 50km
Administration Charge	€1,000		
Installation Supervision / Certification Charge for New Ducting	€500 per km	€5,000 + €450/km	€23,000 + €400/km
Installation Supervision / Certification Charge for Maintaining Existing Ducting	€150 + €50 per km	€150 + €50 per km	€150 + €50 per km

Note: Fees are for verge only. Works in the carriageway or hard shoulder must be agreed with TII and alternative charges calculated.

Longitudinal Works Greater Than 200m in Length – Installation of Subduct / Fibre into Existing TII Ducting:

	0-10km	11km-50km	Over 50km
Administration Charge	€1,000		
Annual Charge per subduct per km (charged separately, outside of MRL)	€1,500		
Annual Long-Term Impact Charge per subduct per km (charged separately, outside of MRL)	€100		
Installation Supervision / Certification Charge	€150 + €50 per km	€150 + €50 per km	€150 + €50 per km

Transverse Roadworks/Smaller Excavations Up to 200m in Length - New Ducting and Repairs to Existing Ducting:

	Road Pavement	Verge	Directional Drill
Administration Charge	€500		
Long Term impact Charge	€500 per m ²	€50 per m ²	€2,000 per km
Installation Supervision / Certification Charge	<100m ² : €20/m ² (min €200) ≥ 100m ² :€2,000 + €10/m ² (max €10,000)		

Note: All road pavement works to be agreed in advance with TII.

Transverse Roadworks/Smaller Excavations Up to 200m in Length - Access Only / No Civil Works Required – Existing Ducting:

Administration Charge	€500
Installation Supervision / Certification Charge	€200

Longitudinal Works Greater Than 200m in Length – Access Only / No Civil Works Required – Existing Ducting:

	Road Pavement	Verge	Directional Drill
Administration Charge	€500		
Installation Supervision / Certification Charge	1-10km €150 + €50 per km	10km – 50km €150 + €50 per km	Over 50km €150 + €50 per km

Sections of Non-Motorway/ Non-Dual Carriageway National Roads

Transverse Roadworks/Smaller Excavations Up to 200m in Length - New Ducting and Repairs to Existing Ducting:

	Road Pavement	Blacktop / Concrete Footpath	Brick Paviour Footpath	Granite Set or similar Footpath	Verge	Directional Drill
Administration Charge	€500					
Maintenance Liability Charge	€125 per m ²	€50 per m ²	€150 per m ²	€300 per m ²	€0 per m ²	€2,000 per km
Installation Supervision / Certification Charge	<100m ² : €20/m ² (min €200) >= 100m ² :€2,000 + €10/m ² (max €10,000)					

Transverse Roadworks/Smaller Excavations Up to 200m in Length - Access Only / No Civil Works Required – Existing Ducting:

Administration Charge	€500
Installation Supervision / Certification Charge	€200

Longitudinal Works Greater Than 200m in Length - New Ducting and Repairs to Existing Ducting:

	Road Pavement	Blacktop / Concrete Footpath	Verge	Directional Drill
Administration Charge	€1,000			
Ducting Maintenance Liability Charge per km	€20,000	€5,000	€0	€2,000
Inspection Chamber Maintenance Liability Charge	€500	€250	€0	N/A
Installation Supervision / Certification Charge	1-10km €850 per km	10km – 50km €8,000 + €800 per km	Over 50km €40,000 + €750 per km	

Note: Maintenance Liability Charge does not apply if Full Width/Lane Reinstatement (Surface Course) has been carried out in accordance with S0.4.2 of TII's 'CC-PAV-04007 Requirements for Reinstatements of Openings in National Roads'.

Maintenance Liability Charge for Directional Drilling always applies.

Longitudinal Works Greater Than 200m in Length – Access Only / No Civil Works Required – Existing Ducting:

	Road Pavement	Blacktop / Concrete Footpath	Verge	Directional Drill
Administration Charge	€500			
Installation Supervision / Certification Charge	1-10km €150 + €50 per km	10km – 50km €150 + €50 per km	Over 50km €150 + €50 per km
